FARRELL EQUIPMENT & SUPPLY EXCLUSIVE: CONCRETE FORM TUBES

CONCRETE FORM TUBES

The fast way to pour perfect, cylindrical columns of concrete. They provide a round column at less cost than comparable rectangular forms.

12' CONCRETE FORM TUBE SIZES

8", 10", 12", 14", 16", 18", 20", 24", 36", ***and 48"!***

DOUBLE WIDE FORM TUBES

No blowouts, no tears, and no splits!

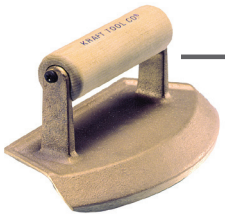
Built with extra wide layers for a more dependable concrete form.

ALSO AVAILABLE:

CHAMFER BRONZE HAND EDGERS

Used for creating chamfered edges on round concrete columns.

Sizes: **18" or 24"**



Belt polished surface for cutting clean, smooth edges.

"L" SHAPED ANCHOR BOLTS

"L" Shaped Low Carbon Anchor Bolts with Washers & Nuts

50 Piece Box

Sizes: 1/2" x 8" and 1/2" x 10"

Galvanized also available.

Sizes:

18" Bolt Star
BOL-518-00401

24" Bolt Star
BOL-524-00400

Engineered to hold the anchor bolts and conduits securely in place while supporting the rebar cage during the toughest concrete pours.
